- Adhiraj Samyama, Mumbai 2
- Projects Around the Region 3

Sheraton Qingdao Licang Hotel

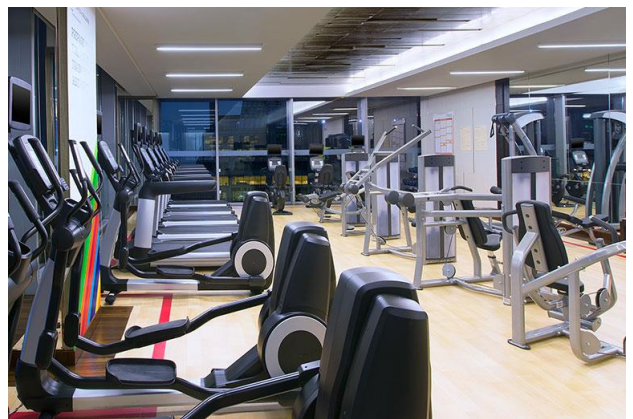

The Sheraton Qingdao Licang Hotel situates at the Ideal City, Licang in Qingdao. This Ideal City, is developed with the concept of becoming a city that integrates habitation for a population of 50,000, business, education and recreation. The city will include a university for the elderly, leisure parks, theaters, exhibition centers and the Five-Star Sheraton Hotel.

ILC had been assisting with the pre-opening of the Spa and Health Club of Sheraton Qingdao Licang Hotel and have completed the testing and commissioning stage.

Along with 259 stylish guest rooms, the hotel incorporates a Spa and Health Club with 6 single treatment rooms and 2 couple suites.

The Spa facility features sauna and steam room in the changing rooms and steam showers at the couple suites. Salon, indoor swimming pool, Jacuzzi, Gym and yoga studio are also available for guest to workout, relax and rejuvenate.

Shanghai Town & Country Community

The spa consultancy work for the pre-opening stages for the Spa facility at the Shanghai Town & Country Club, has been completed and the club is now operating.

上海嘉庭中心

The project was developed by the Dongdu International Group Limited as part of a mixed-use project.

The outdoor and indoor swimming pools are situated on the B1 floor, guests and their family members can revel in the changing rooms that features sauna and steam, vitality pool and experience showers.

The Spa is exclusively offered to adults only, where they can relax and rejuvenate in a quiet and private environment. Spa guests can also take the pleasure to enjoy special features like the ice fountains and heated loungers in the spa changing rooms and a full array of treatment services at the Spa.

Adhiraj Samyama, Kharghar, Navi Mumbai

Adhiraj Samyama is a residential project of Adhiraj Construction, ILC has been appointed to offer consultancy services for the 70,000 sq. ft. Club House. Feasibility study, technical assistance, marketing and pre-opening services will be provided for the club house.

As a state-of-the-art development, restaurants, cafes, sporting and recreational facilities will be part of the club house.

The project is expected to open in 2017.

Projects Around the Region

Whilst only 3 projects are highlighted in this issue, ILC continues to be active with projects around the Asian Region – and Beyond.

Some of the interesting projects on which we are working, include:

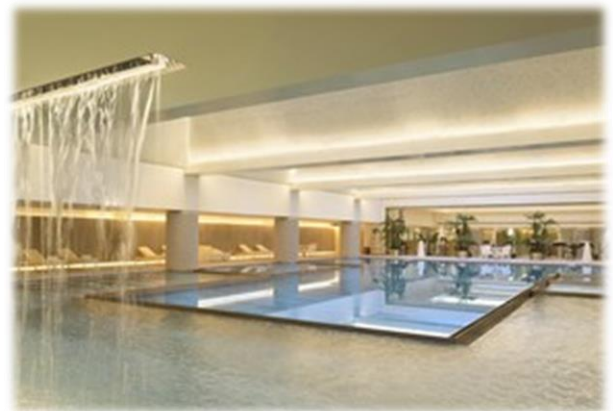

- A Cruise Ship which will be launched in 2016 which has 3 spas (International, Chinese and Medical Areas) on which ILC are consulting.
- A prestigious Member Club in Mumbai which will be one of the country's premium clubs when it opens at the end of 2016.
- A Country Club Development in the Philippines which will provide for a comprehensive lifestyle offer as part of a master-planned community.
- A new club for Singapore which will combine business and social facilities in a refreshing new format.
- A number of Spa development projects for such brands as W Hotel, Westin, Pullman and Le Méridien, as well as independently run Spas.

Our consulting services continue to add value for our clients and we are pleased to be working with a number of 'repeat' clients who recognize the value we bring.
